

DKawoon: Decentralized Football on BNB Chain

Revolutionizing Fantasy Sports with Web3

DKawoon

The Problem with Traditional Fantasy Sports

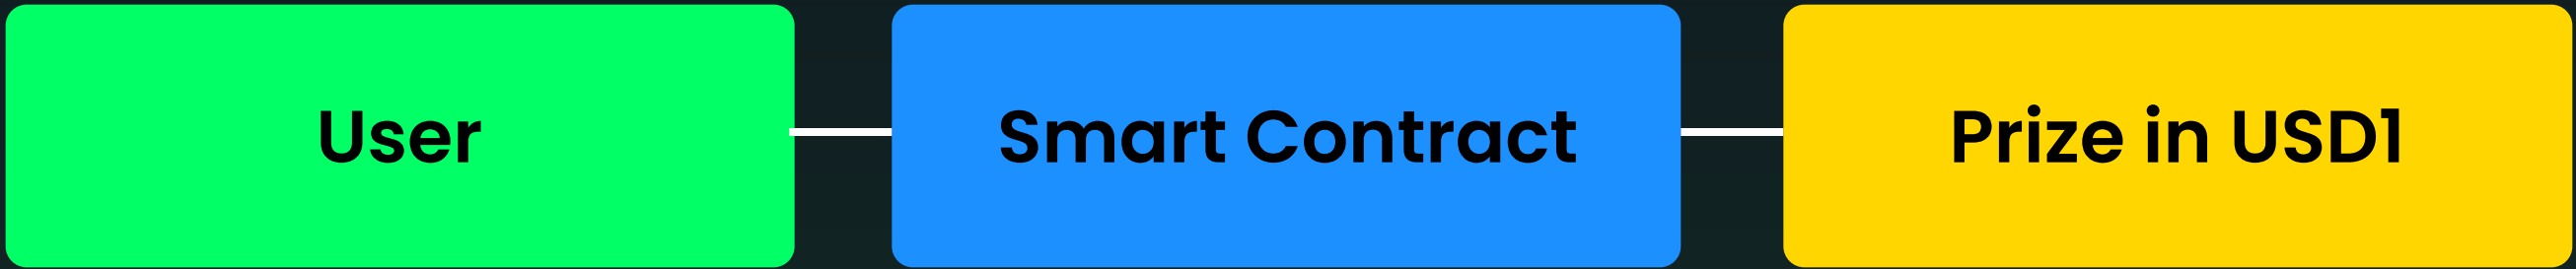

- Centralized platforms lack transparency in scoring and payouts.
- High fees reduce user rewards.
- Limited user control over the process.

DKawoon: A Decentralized Solution

- Built on BNB Chain for transparency and low fees.
- Smart contracts ensure fair scoring and prize distribution.
- Users pick 5 players per match, compete, and win USD1 prizes.

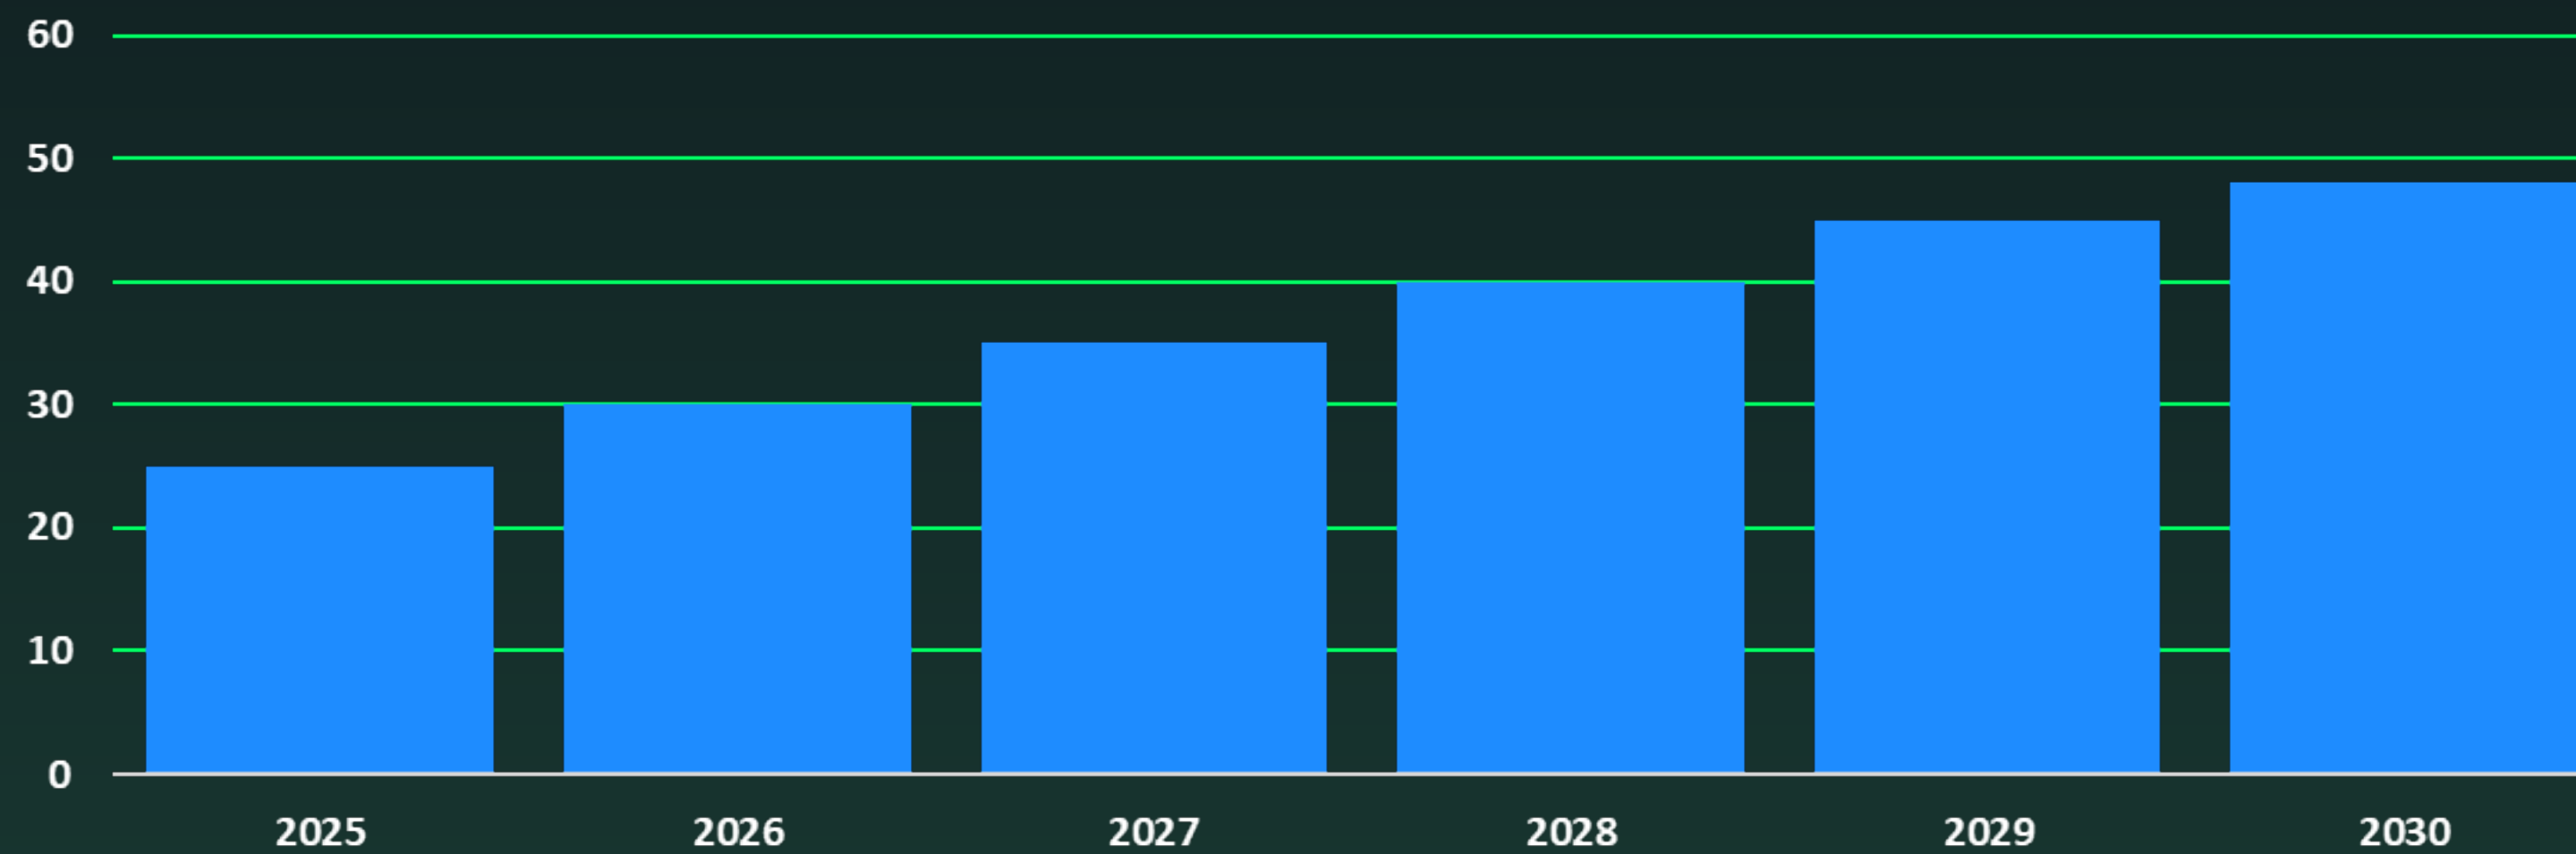

A Growing Market

Stats:

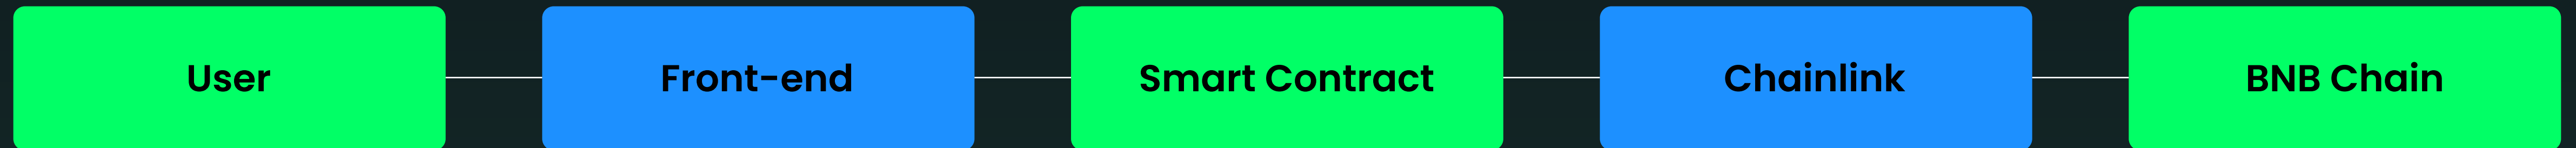

- Global fantasy sports market: \$25B in 2025, projected to grow to \$48B by 2030 (CAGR 14%).
- Football fans: 3.5B globally, with 150M+ engaging in fantasy sports annually.
- Web3 adoption: 300M+ crypto users worldwide as of 2025.

DKawoon targets the intersection of football fandom and Web3, capturing a unique niche.

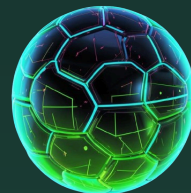

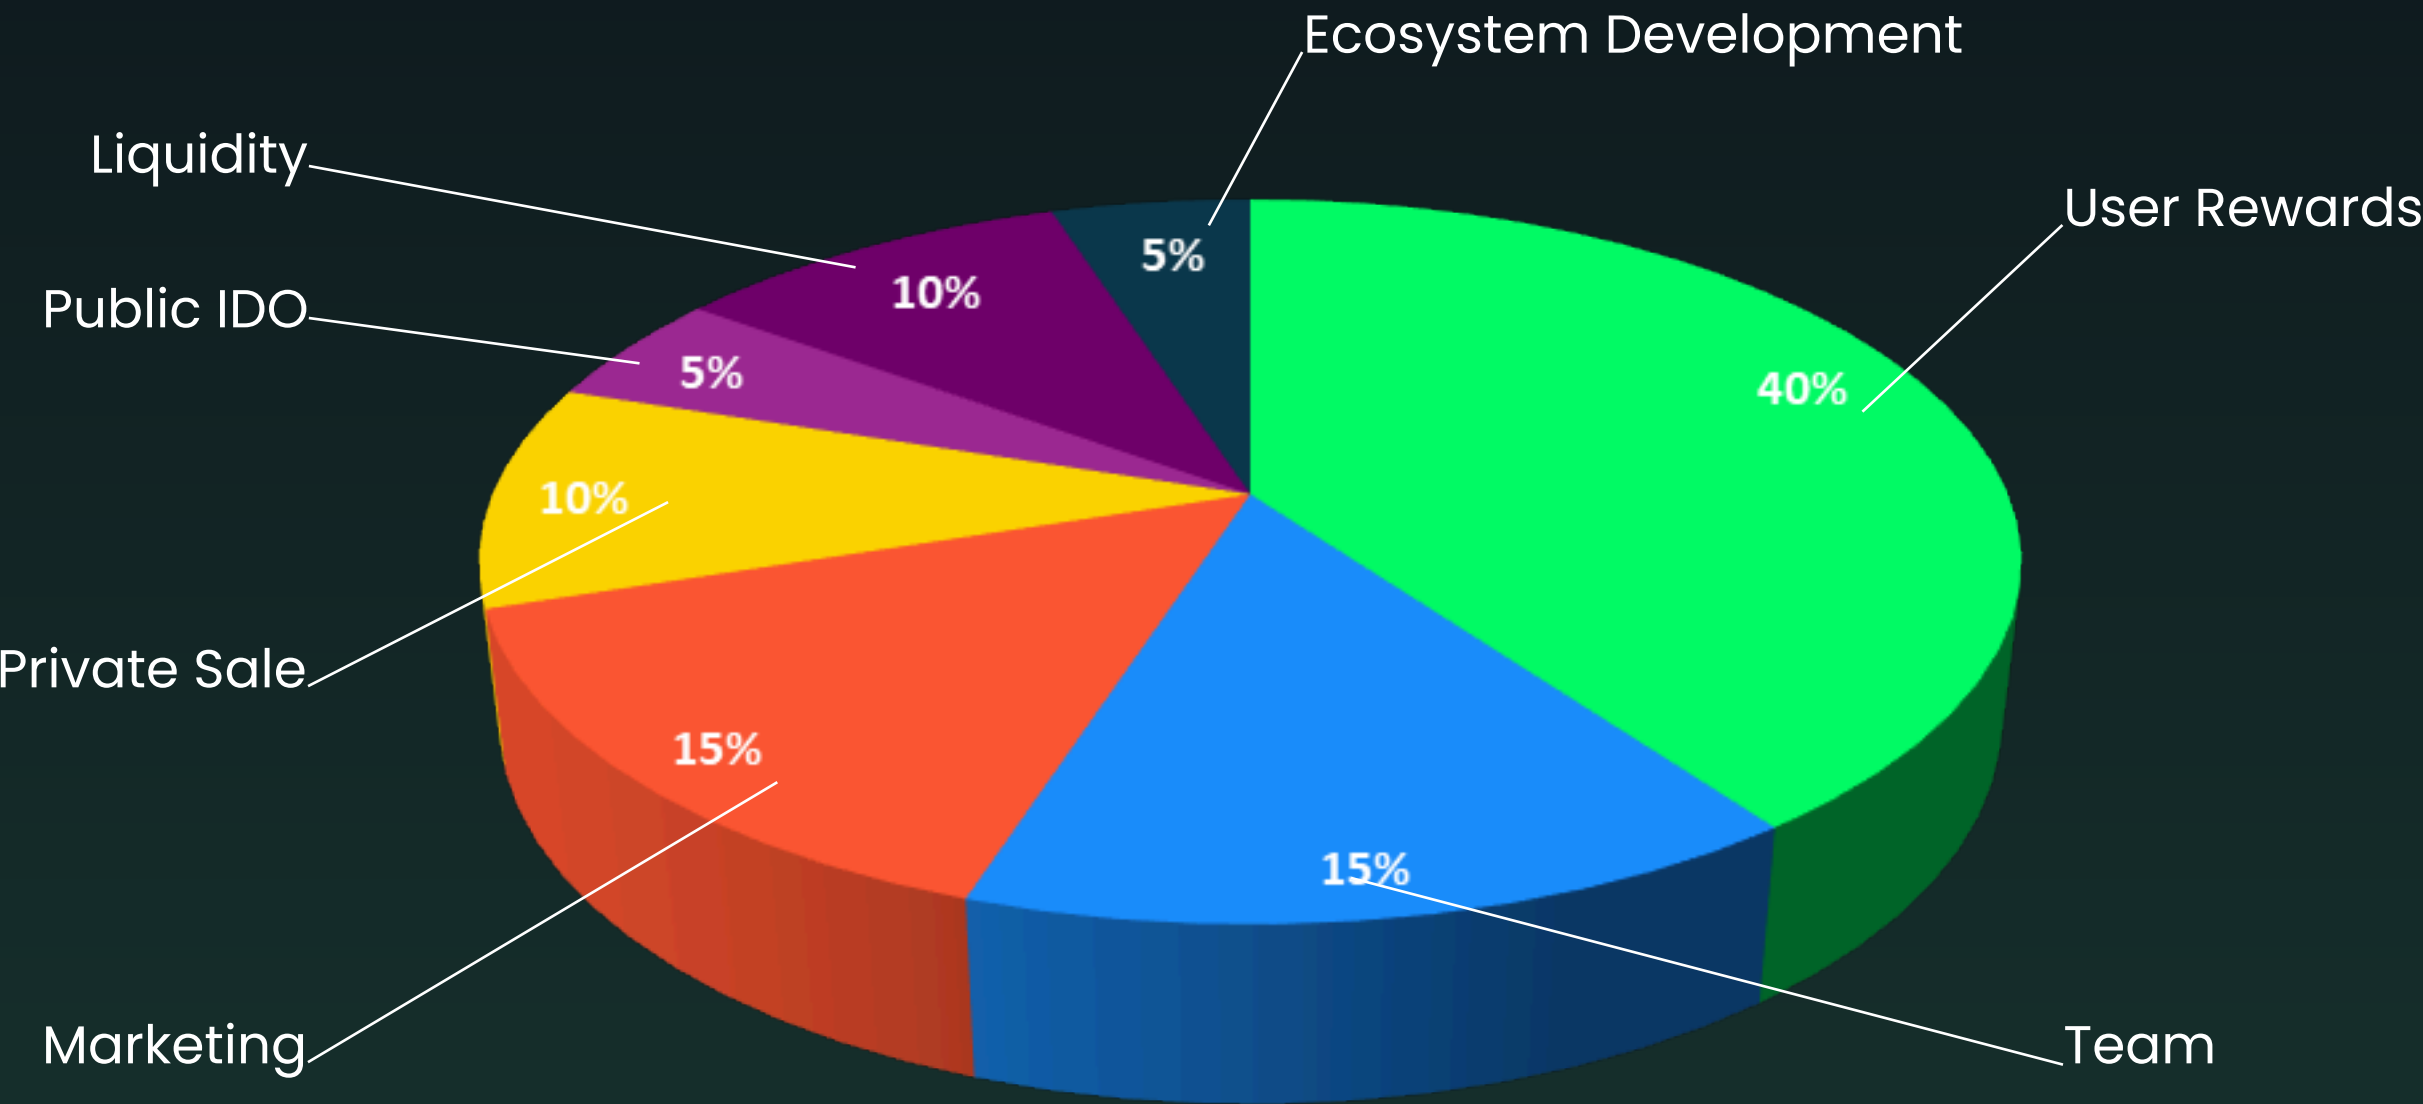

Built on Cutting-Edge Tech

- BNB Chain: Fast, low-cost transactions.
- Chainlink Oracles: Fetch WhoScored ratings securely.
- Smart Contracts: Automate scoring and payouts.
